

# Call Duck Association

The **Call Duck Association** is a group of dedicated enthusiasts. We pride ourselves on representing the interests of a wide-ranging membership, from novices to long-standing Call Duck breeders and judges. We aim to help each other and provide advice on breeding, management, health care and exhibition of the birds.

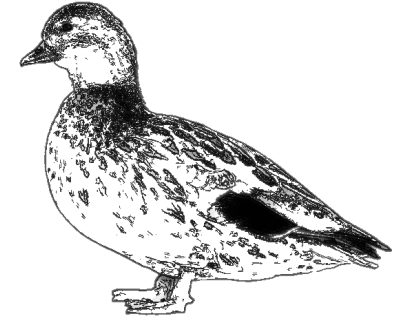

When you join, you will receive the current newsletter and a receipt. Two newsletters and a year book are published each year. The AGM is held at the Federation Show (Stafford) in December and the constitution of the Association and minutes of the AGM are published annually.

Members receive awards at Championship and Regional shows in the UK. Advice about Calls is available from the Secretary and experienced members of the Association who also write for the newsletter. Articles from junior members are also actively encouraged.
